ACS Group Recognized within 2015 U.S. Largest Staffing Firms List

ACS Group is ranked 10th largest U.S. IT and Engineering staffing
company

Atlanta, Georgia, 1BSeptember 21, 2015– American CyberSystems, Inc. (ACS Group) was recently recognized within the *Staffing Industry Analysts* annual list of 2015 U.S. Largest Staffing Firms. This list, now in its 20th year, ranks companies by estimated revenue. ACS Group is listed as the 10th largest IT and Engineering staffing firm of 122 companies on the *Staffing Industry Analysts* (SIA) list.

ACS Group is an innovative workforce management, staffing, and solutions company that has been experiencing substantial growth in recent years. “Over the past several years, ACS Group has grown three-fold in size,” said ACS Group President and CEO Raj Sardana. “We appreciate this recognition of our employees’ success in providing value to our clients, and we welcome and celebrate the continued opportunities and business prospects ahead. We strongly believe our continued participation and success in the workforce management and staffing marketplace adds value to the industry as a whole.”

About American CyberSystems, Inc. (ACS Group)

Founded in 1998, ACS Group specializes in providing information technology (IT) and engineering staffing, IT solutions, healthcare business solutions, PMO services, and workforce management solutions to Fortune 1000 companies across numerous industries. Consistently recognized for identifying and implementing strategic solutions that create and preserve long-term business value, ACS Group has become one of the fastest growing companies in the U.S., with a workforce of more than 10,000 employees, 40 office locations, and 700 customers worldwide.
